

# SECURE SIMPLE SMART

**Welcome to the Black Knight tracking revolution!**  
**Black Knight Global Tracking Systems is the smallest and simplest way to protect your investment, with:**

- "One-button" start, and simple online activation
- Real-time tracking via smartphone, with unsurpassed accuracy
- Global coverage
- Virtual "geofence" alarm around your vehicle
- High-security asset protection with NanoTag microtagging tools

**TINY** 25 grams and smaller than a box of matches, meaning it can be hidden anywhere

**CHEAP** data-only tracking (no SIM card!), makes BK the most affordable premium tracker available

**GLOBAL** no roaming fees or hidden costs, wherever you are in the world

**SECURE** covert protection for your car/bike/boat and premium fleet management for your business

**SHARE** don't have *all* the fun, let your friends and family follow your roadtrip too!

**Black Knight, from NanoTag Technology.**  
**Your baby's in safe hands.**
