

Customer Reviews

Name: Adam

- Vehicle: 1971 Holden HG Monaro
- Black Knight Model: Z11
- Fitted 2016

The Black Knight GPS tracker has given me piece of mind in knowing where my classic car is at all times. The features are great and easy to use and the accuracy and coverage is also a real plus. A big thanks to Custom Auto Electrics for their supply and fit of such a great product.

- Black Knight Model: Z3

Unit upgraded by Black Knight after the release of the newer 3G model. Old Z11 was returned and replaced with an upgraded Z3. Glad to have the 3G version as the 2G network will not be around for much longer.
