# THUNDER 23L FRIDGE DRAWER

## THE THUNDER DIFFERENCE

Thunder helps take you places you've never been before, making adventure more affordable and accessible for up and coming 4WD enthusiasts.

Designed for the working adventurer, Thunder products have been tested and developed to handle anything you can throw at them without breaking the bank.

The growing range of lights, switches, gauges and charging equipment is taking Australia and New Zealand by storm and is the connection to your weekend escape.

## COOL YOUR WEEKEND ESCAPE

There's nothing better than accessible cold drinks on a weekend escape. Whilst portable fridges and coolers can be useful, their size can sometimes make them cumbersome and difficult to transport.

The Thunder 23L Fridge Drawer is designed to utilise existing compartments found in camper trailers and vehicles with sliding drawer systems. Supplied with five heavy duty dividers, the easy pull drawer can hold up to 30 standard cans and is powered by a 12/24V input.

Also suited for sleeper cabs in trucks, the Fridge Drawer is Wi-Fi enabled to allow convenient temperature control and includes a handy interior light and installation brackets.

| HIGH/LOW VOLTAGE CUT OUT | 31.5/10.5V      |
| REFRIGERANT              | R134a           |
| WARRANTY                 | 3 years         |

### ADJUSTABLE TEMPERATURE

The in-built Wi-Fi monitoring and controlling system allows for easy temperature control, where you can simply choose your desired temperature between -5°C to +10°C.

### THUNDER FRIDGE APPLICATION

Download the Thunder Fridge app by scanning the QR code on the side of the Thunder Fridge Drawer, or search the Android Play or Apple Store. Through this app, you have the flexibility to rename your fridge, choose from Celsius and Fahrenheit, and control your 23L Fridge Drawer.

## ADDITIONAL THUNDER PRODUCTS AVAILABLE FOR YOUR WEEKEND ESCAPE

### 60L FRIDGE/FREEZER

Powered by 240V, 12/24V or solar input and temperature controlled through an app, its generous capacity and heavy duty design will keep food and drinks ready when you need them, no matter your weekend escape.

Part No. TDR02101

### LOW PROFILE LED WORK LIGHT

Low profile work light for illuminating areas with limited installation/mounting space. Despite its size, the Thunder LED Low Profile Work Light produces a high output of 1,250 effective Lumens.

Part No. TDR08109

### BATTERY BOX

The Battery Box provides 12 volt and 240 volt power for common devices and appliances, acting as a dual battery system to manage solar and in-vehicle charge. Featuring a 7 stage smart charger to maintain battery condition, the unit is compatible with leading vehicle batteries, including Lead Acid, Calcium, Gel and AGM up to 130Ah in size.

Part No. TDR02007

### 20AMP DC-DC CHARGER WITH MPPT SOLAR REGULATOR

The smaller sized Thunder DC-DC Charger allows easy fitment. With the minimisation of electronics and improved component technologies the 20 Amp Thunder DC-DC Charger has increased charging efficiencies from 85% to 95% and charges your battery quicker.

Part No. TDR02020

### 240 WATT FOLDING SOLAR PANEL

The Thunder range of solar panels are made of high quality monocrystalline solar cells which provide maximum efficiency and longevity. Thunder solar panels ensure you have a dependable source of power without occupying excessive space or polluting that peaceful camping experience with excess noise.

Part No. TDR15007

### 12 VOLT 12,500LB WINCH

The Thunder winch features a waterproof 6 horsepower motor which offers high power, with lower current draw. This is due to the effectiveness of the waterproof planetary gearbox. Thicker torsion bars help alleviate the risk of your winch binding up in high torque situations. Supplied with both a wired and wireless winch remote, it can be operated in the most adverse conditions.

Part No. TDR02125
