THUNDER 60L FRIDGE/FREEZER

THE THUNDER DIFFERENCE

Thunder helps take you places you've never been before, making adventure more affordable and accessible for up and coming 4WD enthusiasts.

Designed for the working adventurer, Thunder products have been tested and developed to handle anything you can throw at them without breaking the bank.

The growing range of lights, switches, gauges and charging equipment is taking Australia and New Zealand by storm and is the connection to your weekend escape.

COOL YOUR WEEKEND ESCAPE

Whether you're taking a road trip, camping or simply spending the day on the beach you need to be able to keep your food fresh and drinks ice cold.

Holding up to 60 standard cans, Thunder's portable Fridge/Freezer is all about providing accessible food on your next escape. With divided compartmental storage, the unit is Wi-Fi enabled for convenient temperature control and has a two way opening lid for easy access. Throw in an incorporated bottle opener and LED interior light and you're set for the weekend.

Powered by 12/24 volt or 240 volt, this multi-volt Fridge/Freezer is highly efficient with low energy consumption.

BATTERY BOX

The Battery Box provides 12 volt and 240 volt power for common devices and appliances, acting as a dual battery system to manage solar and in-vehicle charge. Featuring a 7 stage smart charger to maintain battery condition, the unit is compatible with leading vehicle batteries, including Lead Acid, Calcium, Gel and AGM up to 130Ah in size.

Part No. TDR02007

20AMP DC/DC CHARGER WITH MPPT SOLAR REGULATOR

The smaller sized Thunder DC/DC Charger allows easy fitment. With the minimisation of electronics and improved component technologies the 20 Amp Thunder DC/DC Charger has increased charging efficiencies from 85% to 95% and charges your battery quicker.

Part No. TDR02020

240 WATT FOLDING SOLAR PANEL

The Thunder range of solar panels are made of high quality monocrystalline solar cells which provide maximum efficiency and longevity. Thunder solar panels ensure you have a dependable source of power without occupying excessive space or polluting that peaceful camping experience with excess noise.

Part No. TDR15007

12 VOLT 12,500LB WINCH

The Thunder winch features a waterproof 6 horsepower motor which offers high power, with lower current draw. This is due to the effectiveness of the waterproof planetary gearbox. Thicker torsion bars help alleviate the risk of your winch binding up in high torque situations. Supplied with both a wired and wireless winch remote, it can be operated in the most adverse conditions.
